Accessibility Committee – yes, to meeting in December

- Davey to invite Jessica for December meeting; request plans for future projects that we could give feedback on; Ask about concrete grader to fix dangerous curb cuts on Union and Court Street.

Uptown Streetscape project - Reviewed and finalized general recommendations for uptown streetscape project. Reviewed and finalized detailed recommendations for street scape projects. Change date in header to June - August 2020.

- Dianne to send general and specifics to City Commission Accessibility committee, Jessica, Mayor Steve Patterson, Paul Logue, and City Commission Accessibility committee; Chief Pyle (service safety director), and Andrew Chiki
- Good job everyone!

Discussion about we would like to get done in 2021:

- Continue to review projects for accessibility
 - o West Union sidewalk improvements
 - o Other upcoming projects
 - o Consider side projects like Bailey's Trails (note: Rob Delach is maintenance coordinator for Bailey's Project); county level projects
- Assess community needs, considering various age groups, demographics
 - o Are parks and other community spaces accessible?
 - o Can we be included on planning with schools as they are being built; i.e., playground equipment
 - o Ways to reach out to community on their needs (Noah on agenda for Accessibility Committee for December; Noah and Paul for City Commission meeting)
- Scooter spaces, signage to get to designated parking spaces
- Seek new committee membership - Add 2-3 new people to committee who have ADA knowledge or accessibility needs
- Work with City on systemic needs
 - o Identify ways to respond to inaccessible (code office)
 - o Embed final Punch List related to accessibility into construction projects

Meeting adjourned 1:00 pm
