Discussion with Engineering and Public Works

Guests: Saleh Eldabaja, City Engineer and Director of Public Works, and Jessica Adine, Assistant City Engineer

1. Uptown Pedestrian Project – give project plan overview to entire Committee and comment on feedback given after the WTR
2. Curb Ramp project prioritization – Help us understand the phases of curb ramp updates and remediation of affiliated sidewalks?
3. West Union Street Project: Any update on the bidding process?
4. Pedestrian Accessibility Plan – What are EPW's thoughts about the Plan?
5. Any update on adding an official marked pedestrian crossing between the apartment house on Carpenter and the front of Family Dollar?
6. Any update on Palmer Street parking –pave parking space and add directional signage on Stimson to find parking. (sign was ordered, planned to work with paving contractor to complete earlier)?

For future meeting:

7. Armitage, Luhrig, 682 and Union project proposal—Expected to be separated into two bids. Layout design to review anticipated in December or January.

Discussion of WTR

What went well, what could be done differently, what did you or other attendees learn from this event?

Other announcements?

Next meeting: August 11, 2023; 12:00 – 1:00, City Building, first floor conference room
